

SMITHY PARK ACCESSIBILITY STATEMENT

Smithy Park wants to offer the best and easiest possible access to all. If you need any more information or help please don't hesitate to get in touch.

We have 53 private Static Holiday Homes and 26 Touring and Motorhome pitches.

Public Transport The nearest train stations are Newtown and Welshpool, both with some degree of disabled access. Please check with Transport for Wales Accessibility page to ensure your ease of access. Neither have a taxi rank, but local numbers are available on request. Bus stations in both cases are approximately ¼ mile away from the stations.

Park Reception The reception is situated on the level tarmac car park directly on the entrance to the park. There is a slight rise of 3cm on entry through the 73cm doorway, the check-in desk is 73cm high. Assistance is available if required.

Touring Caravans (There are no touring caravans for hire.)

All touring and motorhome pitches are level concrete though some are accessed over grass, please mention your needs on booking, and distance to the facilities and preference of pitch can be arranged then. All pitches are fully serviced with hook-up, water, grey waste and tv aerial, please just ask if you need assistance. All pitches have parking for one vehicle either alongside or in front of your tourer. Additional parking spaces are approx. 50m away.

Facilities

Lighting is automatic inside and out, and there is parking directly outside.

All facilities are accessed by steps and a non-slip ramp.

The Ladies, Gents and Family/Less-able facilities are all on the same level walkway. All doorways are 80cm wide. The Less-able wet room consists of a toilet 48cm high with rail, a push button operated shower with seat and rails, button 1220 high, and washbasin 71cm high with lever taps. There is also a baby change unit which is 99cm high. The hairdryer, hand dryer and soap dispenser are all wheelchair accessible.

The whole park has mostly level tarmac roads with no kerb edgings, though there are two speed bumps which wheelchair users can go around.

Children's play park and lane

The Children's play area is grassed and bark chipped, however it is accessed by a fairly steep tarmac path. The lane from the park to the Village Shop is tarmac and level, approximately 120m and crossing over the village road.
